

# SHALLOW LAKES FORUM VII

APRIL 5, 2010

## Restoration Planning & Case Studies

### WHERE

Oak Ridge Conference Center  
1 Oak Ridge Drive  
Chaska, Minnesota 55318  
952-368-3100

### WHO SHOULD ATTEND?

The 2010 Shallow Lakes Forum is geared toward anyone who has an interest in or may be responsible for shallow lakes management planning or plan development and implementation. Much of the workshop could also be applied to other types of waterbodies and watersheds.

### REGISTRATION INFORMATION

#### Fees

Pre-registration by March 26: \$60\*  
Registration after March 26: \$70\*

#### To Register

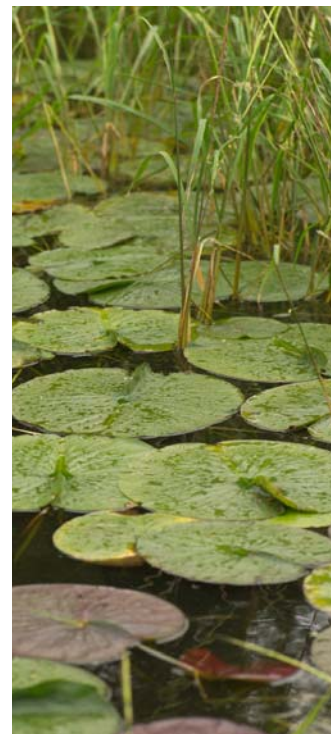

Registration form and payment information are available at [www.shallowlakes.info](http://www.shallowlakes.info).

\*An additional \$2 will be charged to registrants choosing the PayPal option.

The development of solid and objective management plans for Minnesota's shallow lakes is not a new concept; however, the reality has been that these shallow systems create very difficult and often times contentious management scenarios. Shallow Lakes Forum VII is designed to provide participants an opportunity to visit with professional resource managers and learn from real project successes and obstacles. This conference will focus on the lessons learned from real projects. Professional resource managers with real-world experience implementing projects will discuss the common impediments and solutions to these impediments when implementing projects. In addition to technical impediments, the legal issues associated with altering lake water levels and land rights will be discussed.

A one-hour open question and answer period will bring a new twist to the forum this year. A panel of resource managers will be available to answer technical, legal, land use, and similar questions you may have about shallow lakes.

Shallow lakes in Minnesota have been deemed one of our most at-risk habitat types and as we develop these areas, we need to do our best to utilize the best planning processes that we have at our disposal. We hope you will join us for this workshop on creating and implementing shallow lake management plans.

### SPONSORS

*Minnesota River Board*  
*Ducks Unlimited, Inc.*  
*Minnesota DNR*  
*Minnesota Waters*  
*Minnesota PCA*  
*Minnesota Chapter, American Fisheries Society*
